JOHN TRAGER

JOHN EMIL TRAGER May 12, 1927 - November 9, 2014

Peacefully on November 9, 2014 John passed into a better life, free of wheelchairs and full of jokes and conversation.

John had a hobby that became an all-encompassing passion: Tenpin Bowling - he loved the game and while he was a good bowler (185 average) He established early on he excelled on the executive side. He spent many years deeply involved in St. Joseph's Men's Club.

Bowling Magazine, the Official Publication of the American Bowling Congress, said it correctly "*John Trager - Mr. Bowling in Canada*"

His list of accomplishments are many and his awards and recognition for a lifetime of hard work are extensive:

- 1951-1988-Secretary St.Josephs Mens League;
- 1957-1959-President Winnipeg City Senior Tenpin League;
- 1961-1963-President Winnipeg Bowling Association;

John attended several international events while serving on the Canadian Tenpin Federation and was known throughout the international bowling community as the *go-to guy* in Canada for tenpin bowling. He and his wife Elsie spent their early retirement years travelling to Las Vegas to watch bowling.

Did you know.....

- In 1914, Brunswick improved the game, switching out wooden balls with hard rubber balls.
- A bowling pin will fall at a tilt of 7.5 degrees
- In 1936, bowling became a lot quicker and less expensive because the pin-boys were replaced with semi-automatic pinsetters.
- In 1946, AMF created the first completely automatic pinsetter, which was soon replaced by a 1955 Brunswick model. The later versions of this machine are in operation in a lot of bowling centres today.
- The game's popularity exploded in the U.S. in the 1970s after automatic scorers became commonplace in bowling centres across the country.
- Some scientists' say that bowling has existed since Egyptian times and that one of the earliest Egyptian pharaohs was uncovered with primitive bowling pins and balls in his tomb. Others dismiss these findings, but historians agree the sport has existed in some form or another since at least 300 AD in Germany.
- In 1841, the entire state of Connecticut banned ninepin bowling, which some claim led to the invention of tenpin bowling by people who were circumventing the law. Others claim the game started earlier though and that it only gained popularity in the area due to the outlawing of the more common ninepin game. It is said that the wooden version of the modern bowling ball was invented on December 29, 1862, but it's difficult to find more information on this claim than the date. Regardless, the first standardized rules for tenpin were undoubtedly established in New York City in September, 1895.
- While you may have laughed at the pathetic professionals in the movie King Pin, bowling celebrities, particularly in the 60s, were actually a big deal. In fact, the first athlete of any kind to receive a million dollar endorsement deal wasn't a basketball or football player, but instead a bowler. Don Carter received this extraordinary deal in 1964 when he signed a multi-year deal with Ebonite International.

The course date and bowling centre location will be determined to accommodate the course participants.

<i>Community Sport</i>	-Requires 8-10 participants	\$40.00

<i>Level III</i>	-Requires 6-8 participants*	\$90.00

- While most people have a less-than-athletic image of bowlers, the sport can actually be a good form of exercise and may help improve social relationships. Studies have shown it helps burn calories, regulates blood pressure, prevents osteoporosis and works muscle groups that are not normally exercised.

300 GAME

Mike Schmidt

Mike Schmidt rolled our first 300 game of the season on September 22nd, while bowling in the WTBA League. This league doesn't use regular house patterns, instead rotating through several World Tenpin Bowling Association oiling patterns. In this case, the pattern that was on the lanes was "Beijing" (a WTBA short oil pattern).

On a side note, this league changed bowling centres this season. They previously bowled at Chateau Lanes - this year they moved to Academy Lanes West. Mike has already had a 299 game and a 298 game this season in one of his other leagues.
